Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Thursday 08 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some clear spells overnight. Further rain on Friday.

This Evening and Tonight:
Cloud thinning through the evening to give some clear spells overnight in generally light winds, allow a local grass frost to form. Some thicker cloud possible in the far north of the region by dawn, but staying dry. Minimum temperature 0 deg C (32 deg F).

Friday:
A mainly dry morning with some brighter spells. Turning cloudy during the afternoon with some occasionally heavy outbreaks of rain possible. Maximum temperature 13 deg C (55 deg F).

Outlook for Saturday to Monday:
Cold over the weekend, a slight chance of occasionally wintry showers with widespread overnight frosts. Drier and milder through Monday but frosty in the far south.
